

By leaving Carrington a gift in your will, you will be showing your commitment to helping us fulfil our vision 'Carrington aspires to be the provider of choice which enriches and enables the quality of life for all people in our community'. Your generosity is just one way you can assist and support our ongoing work as a 'not-for-profit' charitable public benevolent organisation.

We have been providing services for more than 125 years, thanks in part to the assistance and generosity of a great many people during this time. Some people have made a bequest to Carrington as a way of saying thank you for the care received for their loved one.

Your gift can help enrich the life of an older person by funding equipment purchases or lifestyle programs that improve our care recipient's quality of life. Your support significantly impacts our ability to achieve the best possible person centred approach to care.
