

## Infection Prevention & Control Clinical Lead

Carrington is seeking a highly experienced Infection Prevention & Control Clinical Lead to manage this new portfolio on a full or part time basis (negotiable).

The role will be responsible for enhancing and maintaining infection control policies and procedures related to COVID-19 prevention and management.

The successful candidate will also be responsible for infection control audit and analysis, training and education of staff and play a key role in the management of outbreaks in conjunction with the senior clinical team.

### Essential Criteria:

- Registered Nurse or Enrolled Nurse with current AHPRA registration and relevant experience in acute care or aged care within Australia
- Post Graduate qualification in Infection Prevention and Control, or willingness to undertake
- Expertise in planning, implementing and evaluating infection control policies and measures
- The ability to apply relevant standards, legislation and policies related to infection control
- High level written and oral communication skills and demonstrated leadership qualities
- High level of computer literacy

### Preferred Qualities:

- Qualified Immunization Certificate, or willing to obtain
- Certificate IV in Training & Assessment, or willing to undertake and complete

You will receive excellent working conditions, full NFP salary packaging, an additional public holiday each year and ongoing formal professional development.

Employment is subject to a national criminal check clearance specific to vulnerable persons and a pre-employment physiotherapy assessment.

For further information about this role, please contact Julie Barry, Executive Manager Residential Care on 4659 0309.

Applications must include a current resume and a cover letter addressing the position criteria above and outlining how you believe you are suitable for the role.
